***Names on the following breeder list are members of the American Maltese Association. If there is no listing for your city or state, it means we do not have a member living there or they choose not to have their name on this list.*** In that event, we suggest you contact the nearest member to your area, try to locate a local all-breed kennel club (look in your phone book or check with the AKC) to see if they have members who breed Maltese or ask local veterinarians if they have a client who breeds Maltese they would recommend.

In today's world of immediate gratification, remember that Maltese puppies may not be instantly available. Please be patient. Your interest in our breed is greatly appreciated. We hope you will find this material helpful.
